

YY Reports Second Quarter 2015 Unaudited Financial Results

2Q15 Net Revenues Up 61.4% YOY to RMB1,357.2 Million
2Q15 Net Income Up 31.0% YOY to RMB290.7 Million
2Q15 Non-GAAP Net Income Up 17.0% YOY to RMB302.3 Million

Guangzhou, China, August 13, 2015 – YY Inc. (NASDAQ: YY) ("YY" or the "Company"), a revolutionary real-time interactive social platform, today announced its unaudited financial results for the second quarter ended June 30, 2015.

Second Quarter 2015 Highlights

- Net revenues increased by 61.4% to RMB1,357.2 million (US\$218.9 million) from RMB841.0 million in the corresponding period of 2014.
- Net income attributable to YY Inc. increased by 31.0% to RMB290.7 million (US\$46.9 million) from RMB221.9 million in the corresponding period of 2014.
- Non-GAAP net income attributable to YY Inc.¹ increased by 17.0% to RMB302.3 million (US\$48.8 million) from RMB258.4 million in the corresponding period of 2014.

Mr. David Xueling Li, Chief Executive Officer of YY, stated, “We are excited about our robust performance in the second quarter of 2015, as we continue to grow and strengthen our interactive social platform and further expand our new initiatives. Revenue growth exceeded our guidance for the quarter, driven both by the continued strong performance in the core segments and the remarkable progress in the emerging businesses. Our core online music and entertainment business, notwithstanding the increased competition in the online entertainment market, continued apace, with strong growth from Mobile YY both in terms of ARPU and paying users. Going forward, we will continue to adapt to the evolving Internet landscape in China and provide new and innovative services to our community of users.”

Mr. Eric He, Chief Financial Officer of YY, commented, “We continue to see strong top-line growth, driven primarily by our core online music and entertainment business and online dating. However, we expect this strong growth to be partly offset by a weaker performance in online games resulting from increased competition and widespread softness in the online gaming market. In addition, due to a continued shift in our revenue mix to businesses involving higher user-generated content and higher associated costs, which include increased revenue-sharing fees and content costs, as well as the increasing competition in a number of markets in which we operate, we expect our gross margins for the full year to be slightly lower than we have earlier anticipated. Nonetheless, we plan to mitigate the effect of this trend by continuing to improve our operational efficiency. By adapting to the ever-changing needs of our users, we will stay one step ahead of our competitors and fortify our position as the leading real-time interactive social platform in China.”

Second Quarter 2015 Financial Results

NET REVENUES

Net revenues increased by 61.4% to RMB1,357.2 million (US\$218.9 million) in the second quarter of 2015 from RMB841.0 million in the corresponding period of 2014, underpinned by an increase in IVAS revenues.

¹ Non-GAAP net income attributable to YY Inc. is a non-GAAP financial measure, which is defined as net income attributable to YY Inc. excluding share-based compensation expenses.

IVAS revenues, which mainly consisted of revenues from online music and entertainment, online games, online dating, Huya broadcasting and YY's membership program, increased by 62.4% to RMB1,300.0 million (US\$209.7 million) in the second quarter of 2015 from RMB800.7 million in the corresponding period of 2014. The overall increase primarily reflected an increase in the number of paying users.

Revenues from online music and entertainment increased by 41.5% to RMB730.7 million (US\$117.9 million) in the second quarter of 2015 from RMB516.4 million in the corresponding period of 2014. This increase was driven by a year-over-year increase of 61.8% in the number of paying users to 1,825,000, but partly offset by a 12.7% decrease in average revenue per user ("ARPU") to RMB400. The year-over-year decrease in ARPU was a result of increased mobile contribution to the total music and entertainment revenues.

Revenues from online games increased by 19.5% to RMB199.4 million (US\$32.2 million) in the second quarter of 2015 from RMB166.9 million in the corresponding period of 2014. This increase primarily reflected a year-over-year increase in ARPU of 22.3% to RMB466 from 428,000 paying users. The number of online games operated by the Company as of June 30, 2015 was 246, from 150 as of June 30, 2014.

Revenues from online dating increased by 438.0% to RMB157.3 million (US\$25.4 million) in the second quarter of 2015 from RMB29.2 million in the corresponding period of 2014. This increase reflected a year-over-year increase of 161.8% in the number of paying users to 233,000 and an increase in ARPU of 105.2% to RMB675 in the second quarter of 2015.

Other IVAS revenues, mainly including Huya broadcasting and membership subscription fees, increased by 141.2% to RMB212.6 million (US\$34.3 million) in the second quarter of 2015 from RMB88.1 million in the corresponding period of 2014. Revenues from Huya live game broadcasting increased by 174.4% to RMB85.3 million (US\$13.8 million) in the second quarter of 2015 from RMB31.1 million in the corresponding period of 2014. Revenues from membership subscription fees increased by 49.3% to RMB72.5 million (US\$11.7 million) in the second quarter of 2015 from RMB48.6 million in the corresponding period of 2014. This increase primarily reflected a 16.5% increase in the number of members to 1,073,000 as of June 30, 2015 from 921,000 as of June 30, 2014.

Other revenues, mainly including revenues from the Company's online education platform, 100 Education, and online advertising revenues from Duowan.com, increased by 41.6% to RMB57.2 million (US\$9.2 million) in the second quarter of 2015 from RMB40.4 million in the corresponding period of 2014.

COST OF REVENUES AND GROSS PROFIT

Cost of revenues increased by 96.2% to RMB833.3 million (US\$134.4 million) in the second quarter of 2015 from RMB424.8 million in the corresponding period of 2014. This increase was primarily attributable to an increase in revenue-sharing fees and content costs to RMB551.5 million (US\$89.0 million) in the second quarter of 2015 from RMB256.0 million in the corresponding period of 2014. This increase in revenue-sharing fees and content costs paid to performers, channel owners and content providers was primarily due to higher levels of user engagement and spending driven by promotional activities as well as an increasing number of new, emerging business lines in different categories. In addition, bandwidth costs increased to RMB132.2 million (US\$21.3 million) in the second quarter of 2015 from RMB77.3 million in the corresponding period of 2014.

Gross profit increased by 25.9% to RMB523.9 million (US\$84.5 million) in the second quarter of 2015 from RMB416.3 million in the corresponding period of 2014. Gross margin was 38.6% in the second quarter of 2015 compared with 49.5% in the corresponding period of 2014. The decrease in gross margin year-over-year was primarily attributable to the change in the Company's business mix to include new

business lines involving user-generated content, and higher revenue-sharing fees in music and entertainment, as well as increased investments in Huya broadcasting.

OPERATING INCOME

Operating expenses for the second quarter of 2015 increased by 38.0% to RMB247.8 million (US\$40.0 million) from RMB179.5 million in the corresponding period of 2014. This increase was primarily attributable to an increase in sales and marketing expenses, particularly in relation to promotion of Mobile YY and Huya, our live game broadcasting mobile application.

During the second quarter of 2015, the Company conducted a periodic asset assessment on 100 Education following a departure of a number of key personnel in this business. As a result, a goodwill impairment charge of RMB110.7 million (US\$17.9 million) in relation to the online English-training business that the Company acquired in December 2014 was recognized. Meanwhile, a favorable fair value adjustment of RMB111.5 million (US\$18.0 million) in the earn-out provision related to the abovementioned acquisition was also recorded in the period.

Operating income in the second quarter of 2015 increased by 29.0% to RMB307.7 million (US\$49.6 million) from RMB238.6 million in the corresponding period of 2014. Operating margin decreased to 22.7% in the second quarter of 2015 from 28.4% in the corresponding period of 2014. The decrease in operating margin was primarily due to the abovementioned decline in gross margin, which was partly offset by improved operating efficiency [.

Non-GAAP operating income² increased by 16.1% to RMB319.3 million (US\$51.5 million) in the second quarter of 2015 from RMB275.1 million in the corresponding period of 2014. Non-GAAP operating margin³ decreased to 23.5% in the second quarter of 2015 from 32.7% in the corresponding period of 2014.

NET INCOME

Net income attributable to YY Inc. increased by 31.0% to RMB290.7 million (US\$46.9 million) in the second quarter of 2015 from RMB221.9 million in the corresponding period of 2014. Net margin in the second quarter of 2015 decreased to 21.4% from 26.4% in the corresponding period of 2014. Non-GAAP net income attributable to YY Inc.⁴ increased by 17.0% to RMB302.3 million (US\$48.8 million) from RMB258.4 million in the corresponding period of 2014. Non-GAAP net margin⁵ decreased to 22.5% in the second quarter of 2015 compared to 30.7% in the corresponding period of 2014.

NET INCOME PER ADS

Diluted net income per ADS⁶ in the second quarter of 2015 increased by 37.5% to RMB5.10 (US\$ 0.82), from RMB3.71 in the corresponding period of 2014.

²Non-GAAP operating income is a non-GAAP financial measure, which is defined as operating income excluding share-based compensation expenses.

³Non-GAAP operating margin is a non-GAAP financial measure, which is defined as non-GAAP operating income as a percentage of net revenues.

⁴Non-GAAP net income attributable to YY Inc. is a non-GAAP financial measure, which is defined as net income attributable to YY Inc. excluding share-based compensation expenses.

⁵Non-GAAP net margin is a non-GAAP financial measure, which is defined as non-GAAP net income attributable to YY Inc. as a percentage of net revenues.

⁶ADS is American Depositary Share. Each ADS represents twenty Class A common shares of the Company. Diluted net income per ADS is net income attributable to common shareholders divided by weighted average number of diluted ADS.

Non-GAAP diluted net income per ADS⁷ in the second quarter of 2015 increased by 22.5% to RMB 5.29 (US\$0.85) from RMB4.32 in the corresponding period of 2014.

BALANCE SHEET AND CASH FLOWS

As of June 30, 2015, the Company had cash and cash equivalents of RMB670.9 million (US\$108.2 million) and short-term deposits and restricted short-term deposits of RMB3,456.4 million (US\$557.5 million). For the second quarter of 2015, net cash from operating activities was RMB421.9 million (US\$68.0 million).

SHARES OUTSTANDING

As of June 30, 2015, the Company had a total of 1,094.6 million common shares outstanding, or the equivalent of 54.7 million ADSs outstanding.

RECENT DEVELOPMENT

On July 9, 2015, the Company announced that it received a preliminary non-binding proposal from Mr. Jun Lei, Chairman of the Board, and Mr. David Xueling Li, CEO of the Company, proposing a “going-private” transaction to acquire all of the outstanding shares of YY for US\$68.50 in cash per ADS, each representing 20 ordinary shares. On July 16, 2015, the Board of Directors formed a special committee of independent directors, comprising Mr. Peter Andrew Schloss, Mr. David Tang, and Mr. Peng Tsing Ong, to review and evaluate the proposal. On August 3, 2015, the Company announced that the special committee has retained Citigroup Global Markets Inc. as its independent financial advisor and Fenwick & West LLP as its legal counsel in regards with the evaluation process. At this time, no decisions have been made with respect to YY's response to this proposal. There can be no assurance that any definitive offer will be made, that any agreement will be executed or that the proposal or any other transaction will be approved or consummated.

Safe Harbor Statement

This announcement contains forward-looking statements. These statements are made under the “safe harbor” provisions of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as “will,” “expects,” “anticipates,” “future,” “intends,” “plans,” “believes,” “estimates” and similar statements. Among other things, the business outlook and quotations from management in this announcement, as well as YY’s strategic and operational plans, contain forward-looking statements. YY may also make written or oral forward-looking statements in its periodic reports to the U.S. Securities and Exchange Commission (“SEC”), in its annual report to shareholders, in press releases and other written materials and in oral statements made by its officers, directors or employees to third parties. Statements that are not historical facts, including statements about YY’s beliefs and expectations, are forward-looking statements. Forward-looking statements involve inherent risks and uncertainties. A number of factors could cause actual results to differ materially from those contained in any forward-looking statement, including but not limited to the following: YY’s goals and strategies; YY’s future business development, results of operations and financial condition; the expected growth of the online communication social platform market in China; the expectation regarding the rate at which to gain registered user accounts, active users, especially paying users; YY’s ability to monetize the user base; YY’s ability to continue attracting advertisers and offering popular online games; fluctuations in general economic and business conditions in China and assumptions underlying or related to any of the foregoing, as well as uncertainties relating to the proposed “going-private” transaction. Further information regarding these and other risks is included in YY’s filings with the SEC. All information provided in this press release and in the attachments is as of the date of this press release, and YY does not undertake any obligation to update any forward-looking statement, except as required under applicable law.

Use of Non-GAAP Financial Measures

The unaudited condensed consolidated financial information is prepared in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”), except that the consolidated statement of changes in shareholders’ equity, consolidated statements of cash flows, and the detailed notes have not been presented. YY uses non-GAAP operating income, non-GAAP operating margin, non-GAAP net income attributable to YY Inc., non-GAAP net margin, non-GAAP net income attributable to common shareholders, and basic and diluted non-GAAP net income per ADS, which are non-GAAP financial measures. Non-GAAP operating income is operating income excluding share-based compensation expenses. Non-GAAP operating margin is non-GAAP operating income as a percentage of net revenues. Non-GAAP net income attributable to YY Inc. is net income attributable to YY Inc. excluding share-based compensation expenses. Non-GAAP net margin is non-GAAP net income attributable to YY Inc. as a percentage of net revenues. Non-GAAP net income attributable to common shareholders is net income attributable to common shareholders excluding share-based compensation

expenses. Basic and diluted non-GAAP net income per ADS is non-GAAP net income attributable to common shareholders divided by weighted average number of ADS used in the calculation of basic and diluted net income per ADS. The Company believes that separate analysis and exclusion of the non-cash impact of share-based compensation adds clarity to the constituent parts of its performance. The Company reviews these non-GAAP financial measures together with GAAP financial measures to obtain a better understanding of its operating performance. It uses the non-GAAP financial measure for planning, forecasting and measuring results against the forecast. The Company believes that non-GAAP financial measure is useful supplemental information for investors and analysts to assess its operating performance without the effect of non-cash share-based compensation expenses, which have been and will continue to be significant recurring expenses in its business. However, the use of non-GAAP financial measures has material limitations as an analytical tool. One of the limitations of using non-GAAP financial measures is that they do not include all items that impact the Company's net income for the period. In addition, because non-GAAP financial measures are not measured in the same manner by all companies, they may not be comparable to other similar titled measures used by other companies. In light of the foregoing limitations, you should not consider non-GAAP financial measure in isolation from or as an alternative to the financial measure prepared in accordance with U.S. GAAP.

The presentation of these non-GAAP financial measures is not intended to be considered in isolation from, or as a substitute for, the financial information prepared and presented in accordance with U.S. GAAP. For more information on these non-GAAP financial measures, please see the table captioned "YY Inc. Reconciliations of GAAP and Non-GAAP Results" at the end of this release.
